Dear Marcelo,

Thank you so much for including ECHOS in the Health Fair sponsored by Telemundo on Saturday, August 12, 2006. I know that all who attended – providers and staff – will agree that the Fair was a resounding success. We at ECHOS met many providers whom we have needed to meet and were able to get information about the services we can offer to many, many persons who needed the information. And we were particularly pleased to have the opportunity for a “photo op” with you.

The generosity of Telemundo in putting on this community benefit is to be commended. I know that it took many man-hours of planning and physical activity to put this together. Please extend the personal thanks of all of us at ECHOS to all who were involved. Great job – very, very well done!

Finally, I do hope you will call upon us if there is anything we at ECHOS can do for you in the days and months to come.

Sincerely,

Jean A. Kegler

Dear Mr. Marini:

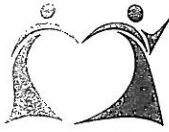

Thank you for hosting our free vaccine clinic this summer. Houston has one of the lowest immunization rates in the country, and because of your efforts to immunize the children in your community we have made a difference this year. Our 2 mobile clinics had more than 3000 patient visits this summer. Please share with your staff our appreciation for their willingness to organize and assist with this event. You have been essential in making an impact in your community and the immunization rates in our city.

We are looking forward to working with you again next year. Please do not hesitate to contact us if we can be of assistance in the upcoming months.

**Subject:** Telemundo Blood Drive - Thank you!

Marcello,

The 17th Annual Health and Back to School Fair was a huge success! It was especially great in regards to blood donations. We are happy to report that a total of 95 people attempted to donate and 77 blood donations were collected!

Here is a breakdown of donations over the last 3 years:

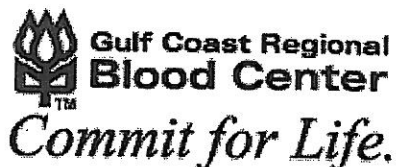

- **2006 health fair = 77 donations**
- 2005 health fair = 52 donations
- 2004 health fair = 40 donations

As you can see, the donations keep increasing and we are looking forward to collecting even more donations in the future! Some other interesting facts from the blood drive include:

- 57 first time donors (WOW!)
- 59% O+ donors

Thank you again Marcello for continually supporting the community blood supply. Usted siempre nos ha apoyado y por eso estamos muy agradecidos! De parte de los pacientes que servimos y el centro de sangre, de damos las gracias!

Thank you,
